Description:

Most of the vines grow close to the Rhine in the Lenchen and Doosberg vineyards in Oestrich.

These fertile soils produce particularly fine, fruity and complex wines. The low pH value also buffers the acidity.

This wine is reflected on the palate with a soft, round body and a wonderful juiciness. A Riesling like a painted fruit basket. At just 11.5% vol., it is impressively light without losing any of its elegance and complexity. The perfect drinking flow.

Serving suggestion:

8°C, excellent with light soups, salad or pasta in light sauces.

Alkoholgehalt: 11,5 % vol.
