**Description:**

The Hallgarten soils are characterized by variegated slate and reflect the terroir of the Taunus Mountains which produce a fine minerality. The cool microclimate provides an invigorating acidity structure and brings a slightly salty-stony note.

With only 11.5% vol. it convinces with its lightness without losing elegance and complexity. The perfect drinking flow.

**Serving suggestions:**

8°C, excellent with fish, salad and asparagus dishes.

**Alcohol content:** 11,5%
