Description:

An extremely harmonious and at the same time complex wine, its composition from the 3 sites Lenchen (gives it elegance and fruit), Doosberg (power and spice) and Hendelberg (minerality) is very beneficial and makes it so sparkling and simply unmistakable.

This Riesling can be found in many top restaurants in New York, San Francisco, and Los Angeles. Its overseas success is certainly due in part to its unusual name: 101 - that's what freshman classes are called in the United States. Our 101 Riesling symbolizes the time as a freshman. Pure fun in the glass!

Serving suggestions:

8°C, excellent with Asian dishes, but also light cuisine. A great summer wine, the perfect companion for a fresh salad or the marinated chicken from the grill.
