### **Description:**

Protected by a wall, it is one of the warmest sites in the Rheingau. As a result, the vines bud very early and ensure a long vegetation period. This is reflected in the taste and aroma. The aroma of caramelized stone fruit, on the palate delicately fruity and exotic with green notes. Our Jesuitengarten is particularly juicy and melting at the same time. The fine residual sweetness supports the wine and is by no means dominant.

8°C, excellent to combine with Asian dishes, with a slight spiciness and sweetness-acidity play, this wine can show off perfectly.
